Actually, this was my daughters first Christmas, I was trying to get them to open presents (after a VERY long time), when I noticed they were playing this game. RANDOM BLIND MATCHES: 1. A large shopping bag full of candy. It was a store-bought bag, but it was filled with candy. 2. My daughter tried to take a candy bar from another candy. I told her that she could only take one candy, and she was forced to give the other candy to an unsuspecting red haired boy. 3. There were several chocolates, some cake and some fancy cookies, a beautiful fountain and a stuffed teddy bear. 4. This time, my daughter picked the big bear. 5. Another two pieces of cake, more candy, a couple of apples and several chocolate bars. bff6bb2d33
