

A: Your script didn't download anything. When you run this script, it will download the required assets (XForce-dwt_i3proj, XForce keygen for all Autodesk products, and Autodesk TruFiber 2019).

Don't modify the filename. If you open the.zip file with a text editor, the contents will be replaced. The script can only download the contents of a certain.zip file, and it will not update any files. # Setup variables
